Template: "Generate three short and distinct captions for the given image. Each image description must address the following points:
(1) Mention only objects that are clearly visible in the image{*Vegetation Cover Type*}{*Field Shape*}{*Man-made Structures*}.
(2) Emphasize spatial relationships between objects{*Spatial Relations*}.
(3) Use fine-grained visual features{*Spectral Color*}.
(4) Ensure all three captions describe different details and are not repetitive."
